PROBLEM STATEMENT

Business ideas arrive in different forms

Regional speech

Scanned and handwritten forms

Incomplete numbers

Conflicting claims and missing context

Assessors need comparable evidence and visible uncertainty

SOMAIYA VIDYAVIHAR
K J Somaiya Institute of Technology

TATA STRIVE | Right Skills Bright Future

CSI - KJSIT

PROPOSED SOLUTION

Submit in your own format

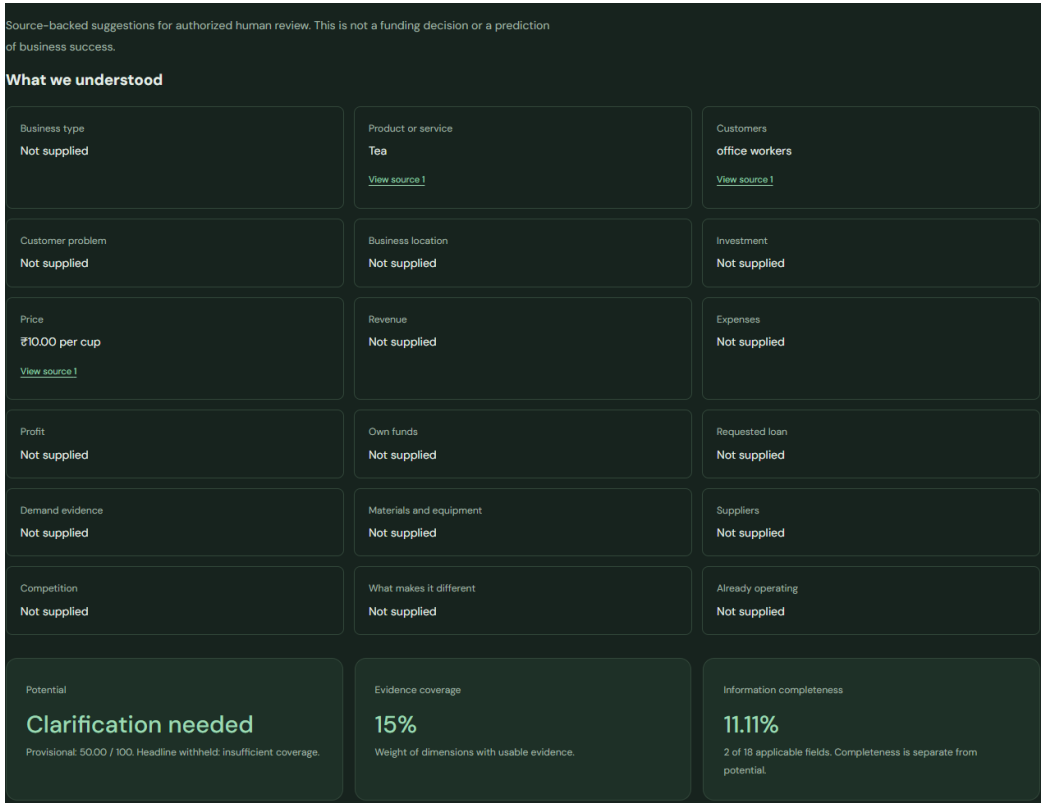

Text, PDF or supported audio

Understand the evidence

Source-linked facts and six rating domains

Improve the next version

Focused questions and assessor review

Application screenshot (synthetic test data)

TECH STACK

APPLICATION

React + TypeScript
Applicant and assessor workspaces

FastAPI
Validation and durable jobs

Supabase + pgvector
Auth, PostgreSQL, private files, retrieval

LOCAL PRETRAINED MODELS

Qwen3-VL 2B
Structured facts and domain judgments

Whisper + PaddleOCR
Speech and scanned documents

NLLB + MiniLM
Translation and semantic similarity

K J Somaiya Institute of Technology

TATA STRIVE | Right Skills Bright Future

CSI - KJSIT

TECHNICAL APPROACH

01

Extract

Text, PDF or audio

02

Translate

Keep original sources

03

Structure

Validate fields and quotes

04

Assess

Six evidence-based domains

Missing stays unknown

Conflicts trigger questions

Durable checkpoints preserve progress when processing stops

FEASIBILITY, VIABILITY & ASSUMPTIONS

192

API tests passed

15 local browser journeys

Browser model/Auth data use fixtures

Real model pipeline

3 synthetic text cases passed

87 to 140 seconds per case

Owned laptop requires power and internet

Open validation: language accuracy, fairness and assessor impact

COMPUTER SOCIETY OF INDIA ESTD. 1965 CSI - KJSIT

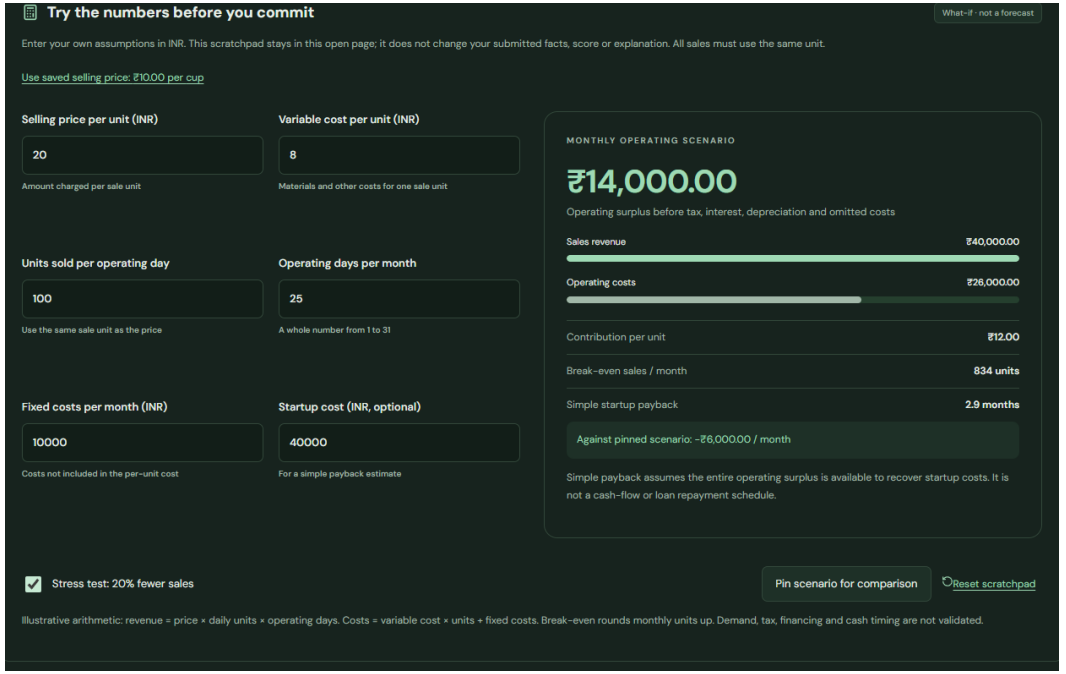

IMPACT & BENEFITS

Applicants

Understand gaps and answer useful questions

Assessors

Compare ideas and trace every review

What-if planner (synthetic test data)

20% fewer sales: INR 20,000 to INR 14,000 surplus

Illustrative assumptions, not a demand forecast

SOMAIYA VIDYAVIHAR
K J Somaiya Institute of Technology

TATA STRIVE | Right Skills Bright Future

CSI - KJSIT

CONCLUSION

A reviewable assessment,

with unknowns visible

Evidence and focused follow-up questions

Comparisons, planning and human review

Next: independent evaluation and an assessor pilot
